## Your shower trays partner

En nuestra apuesta por el baño global, proponemos una amplia gama de modelos de plato de ducha.

Sanycces: Sanyc de sanitario y C.E.S., de calidad, eficacia y servicio.

Calidad en la fabricación de platos, con más de 15 años de experiencia como fabricante en el sector de platos de resina.

Eficacia, nuestros platos presentan todas las características necesarias para un uso seguro.

Servicio, disponibilidad inmediata de todos los modelos, formatos y colores estándar así como plazos de fabricación para personalizados y a medida breves.

Pero Sanycces también es diseño. Descubre en este catálogo 5 modelos de platos de ducha en Sanydur y 1 en Sanylite, 2 texturas, 8 colores estándar y posibilidad infinita de personalización con los platos PRINT y los platos **colormateria**, personalizables en NCS/RAL.

In our commitment to the global bathroom, we offer a wide range of shower tray models.

Sanycces: Sanyc of sanitaryware and C.E.S., of quality, efficiency and service.

Quality in the manufacture of shower trays, with more than 15 years of experience as a manufacturer of resin trays.

Efficiency, our trays have all the necessary characteristics for a safe use.

Service, immediate availability of all standard models, formats and colours, as well as short manufacturing times for customised and made-to-measure products.

But Sanycces is also about design. We offer 5 models of shower trays in Sanydur and 1 in Sanylite, 2 textures, 8 standard colours and infinite possibilities for personalisation with the PRINT or **colormateria** trays, customisable in NCS/RAL.

Dans notre engagement pour la salle de bain globale, nous offrons une large gamme de modèles de receveurs de douche.

Sanycces: Sanyc sanitaryware et C.E.S., qualité, efficacité et service.

Qualité dans la fabrication de receveurs de douche, avec plus de 15 ans d'expérience en tant que fabricant dans le secteur des receveurs en résine.

Efficacité, nos receveurs ont toutes les caractéristiques nécessaires pour une utilisation en toute sécurité.

Servicio, disponibilité immédiate de tous les modèles, formats et couleurs standard, ainsi que délais de fabrication réduits pour les produits personnalisés et sur mesure.

Mais Sanycces, c'est aussi le design. Nous proposons 5 modèles de receveurs de douche en Sanydur et 1 en Sanylite, 2 textures, 8 couleurs standard et une possibilité infinie de personnalisation avec les receveurs PRINT et les receveurs **colormateria** personnalisables en NCS/RAL.

# Texture & Color

Los platos de ducha sanycces se presentan en una gama de colores estandar neutros, atemporales y fácilmente combinables. Tres tonos fríos y cuatro cálidos configuran esta paleta.  
Dos texturas diferentes (según el modelo del plato). La textura pizarra transmite al tacto y la vista una sensación más natural y la textura lisa ofrece un acabado un tanto más pulido o sofisticado.

Sanycces shower trays are presented in a range of neutral, timeless and easily combinable standard colours. Three cool tones and four warm tones make up this palette.  
Two different textures (depending on the model of the plate). The slate texture conveys a more natural feel to the touch and sight and the smooth texture offers a more polished or sophisticated finish.

Les receveurs de douche Sanycces sont présentées dans une gamme de couleurs standard neutres, intemporelles et facilement combinables. Trois tons froids et quatre tons chauds composent cette palette. Deux textures différentes (selon le modèle de l'assiette). La texture ardoise donne une impression plus naturelle au toucher et à la vue, tandis que la texture lisse offre une finition plus polie ou sophistiquée.

  
**PLAIN**  
TEXTURE

  
**SLATE**  
TEXTURE

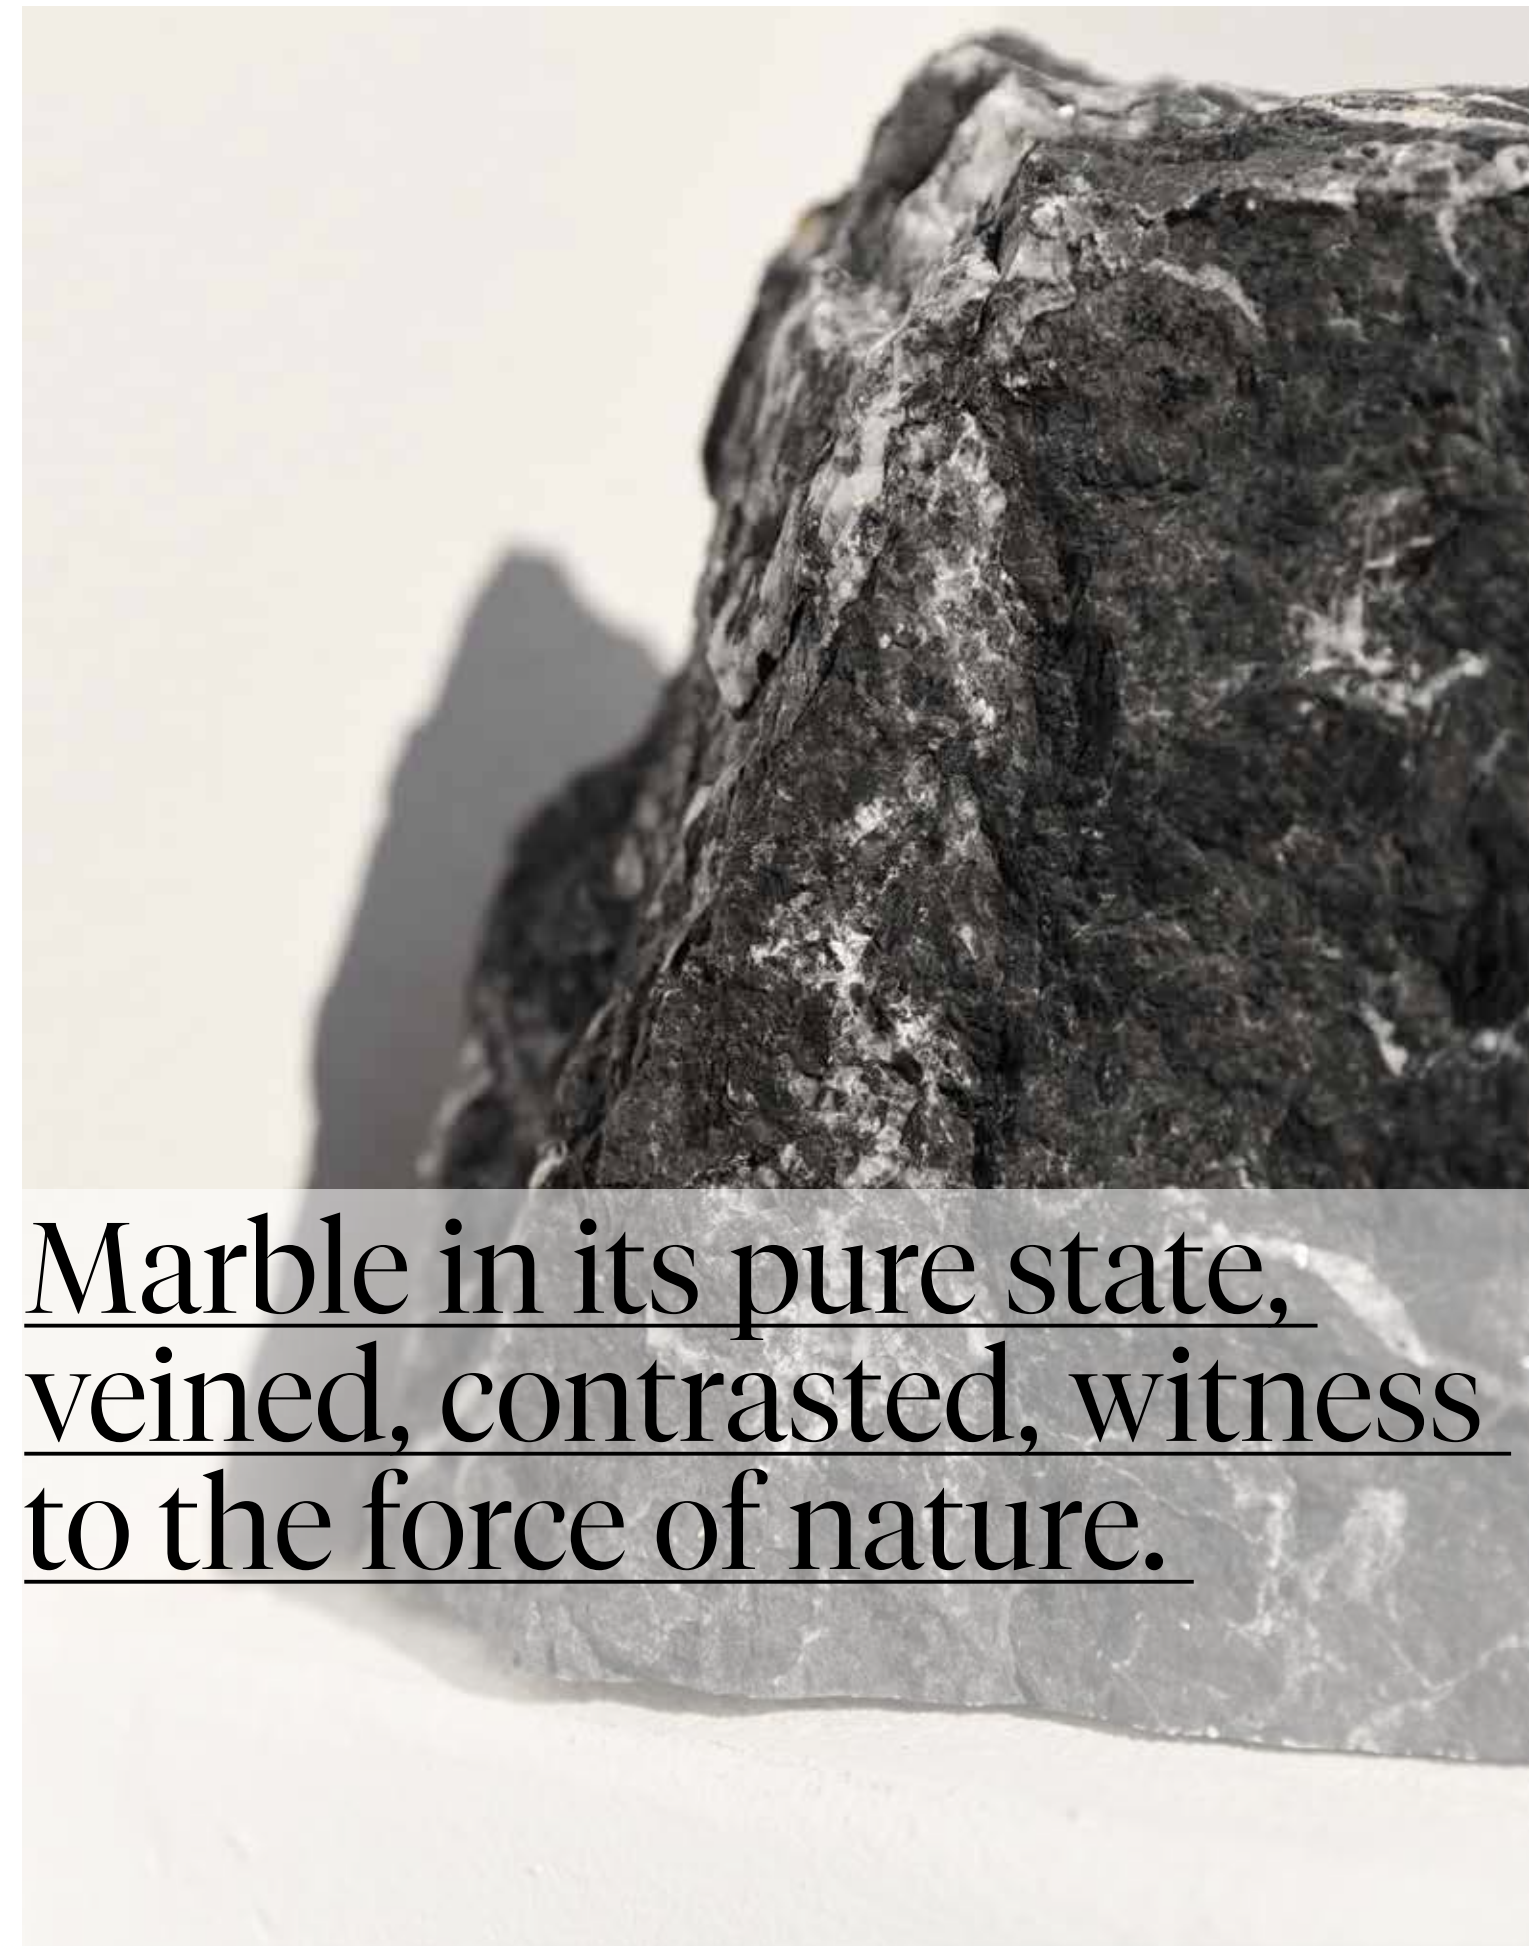

Los platos con recubrimiento **Colormateria** sobre **sanydur** permiten elegir cualquier color de las cartas NCS y RAL para el producto completo. **Colormateria** dota al producto además de un acabado mate microtexturado muy agradable al tacto y de alto valor estético. Es un producto altamente resistente y apto para su uso en baños domésticos.

Shower trays with **Colormateria** coating on **sanydur** allow any colour from the NCS and RAL charts to be chosen for the complete product. **Colormateria** also gives the product a micro-textured matt finish that is very pleasant to the touch and of high aesthetic value. It is a highly resistant product suitable for use in domestic bathrooms.

Les receveurs de douche dotés d'un revêtement **Colormateria** sur le **sanydur** permettent de choisir n'importe quelle couleur des tableaux NCS et RAL pour l'ensemble du produit. **Colormateria** confère également au produit une finition mate microtexturée, très agréable au toucher et d'une grande valeur esthétique. Il s'agit d'un produit très résistant, adapté à une utilisation dans les salles de bains domestiques.

Marble in its pure state,  
veined, contrasted, witness  
to the force of nature.

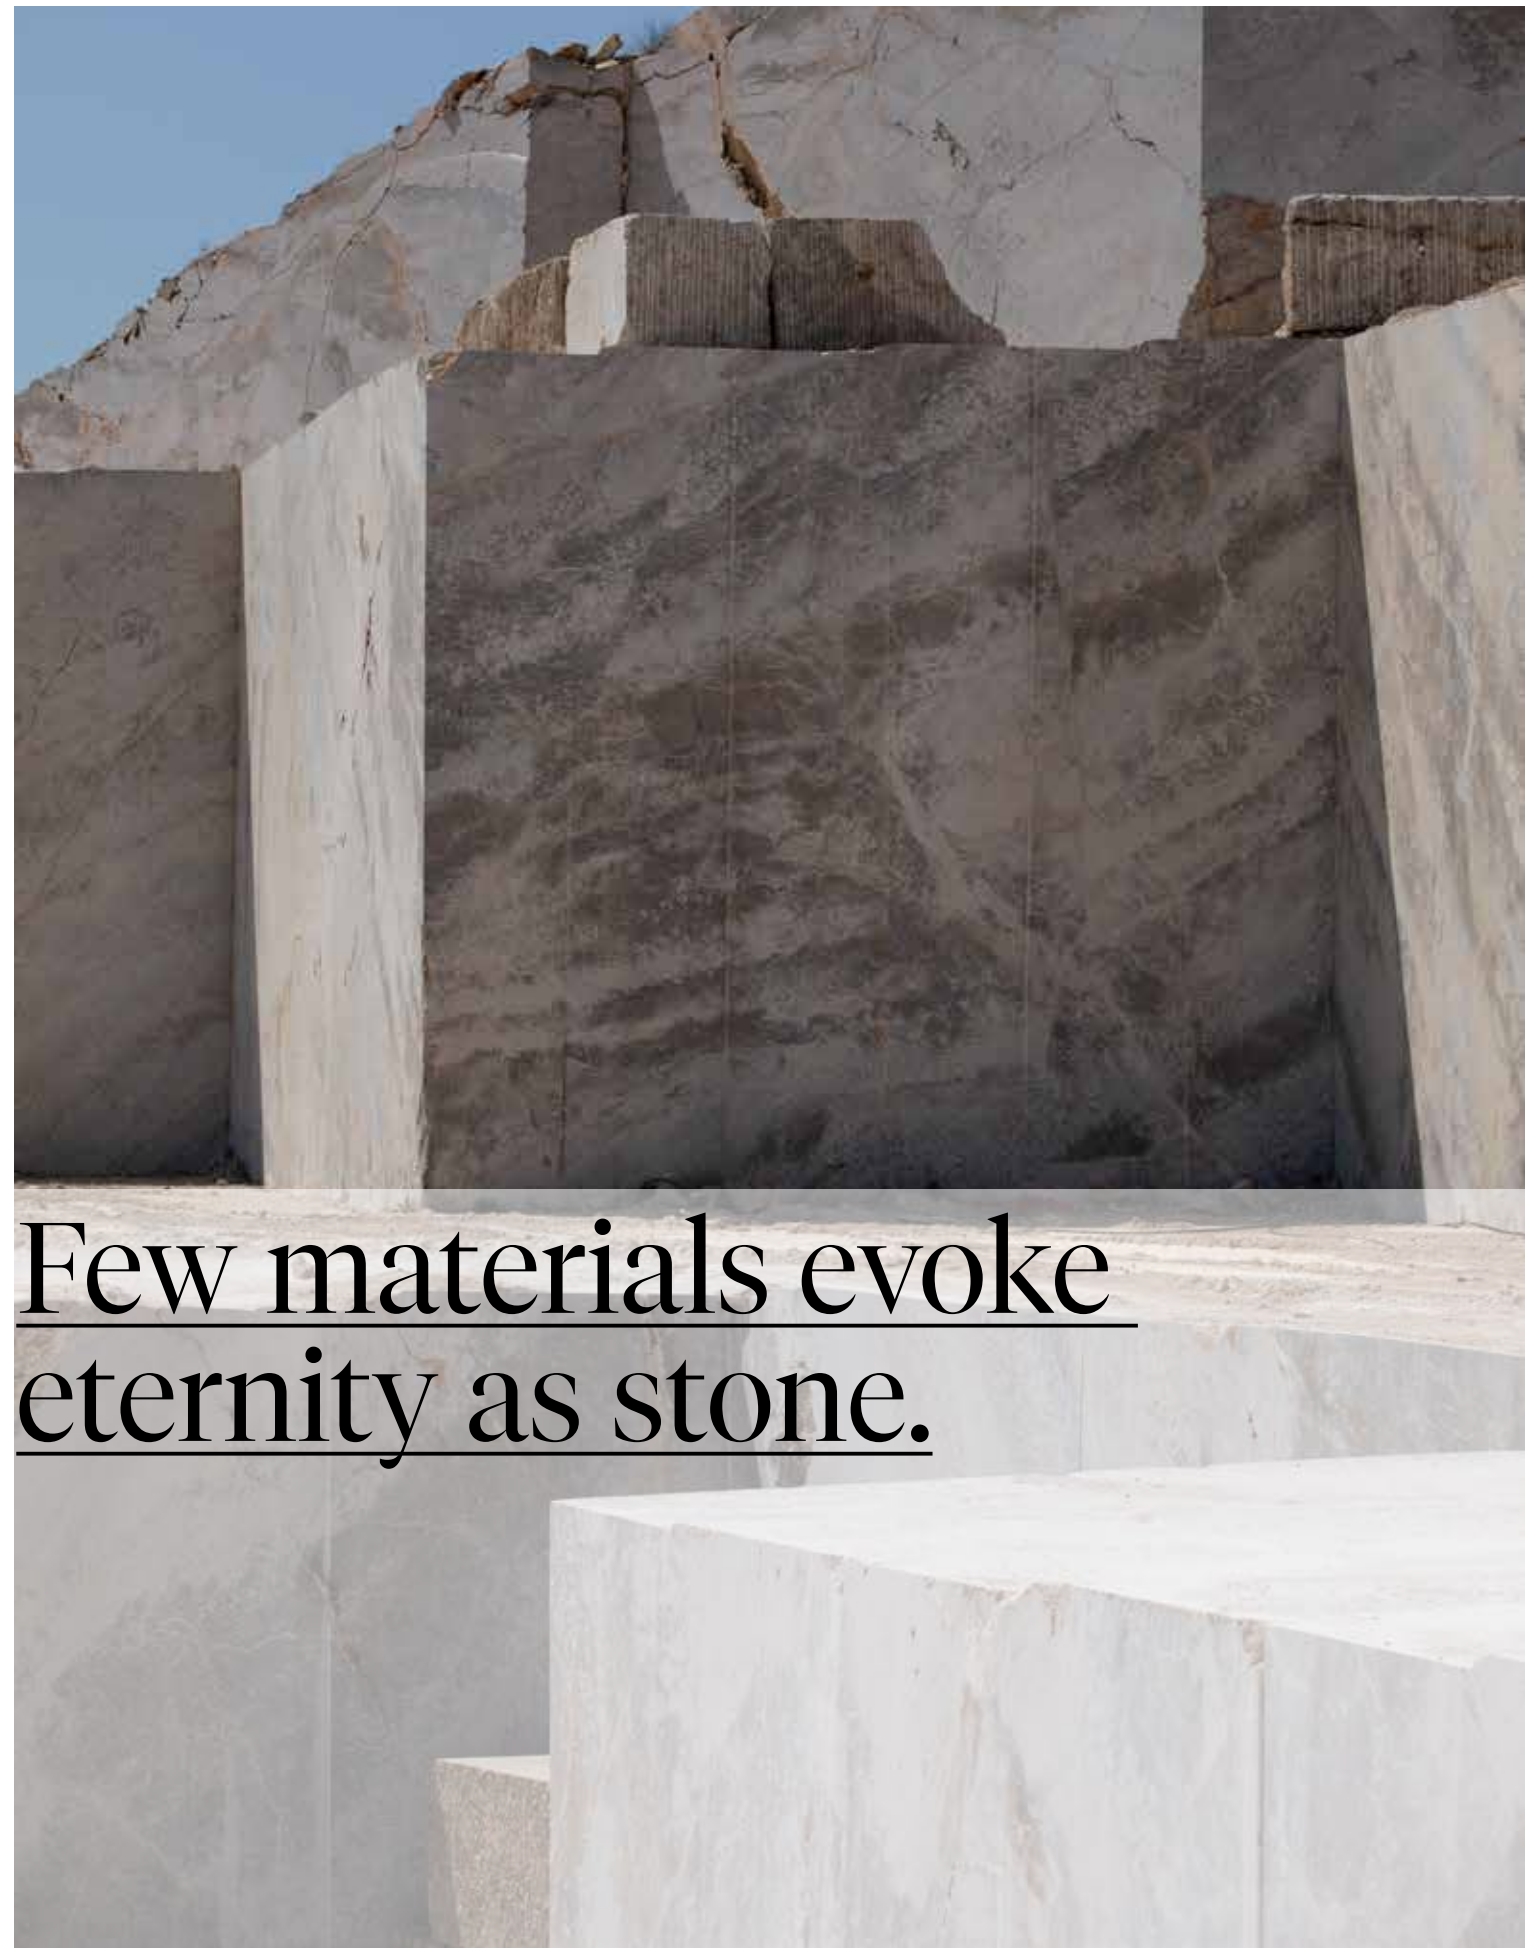

Marquina.

Calacatta.

Few materials evoke  
eternity as stone.

Lithos grey.

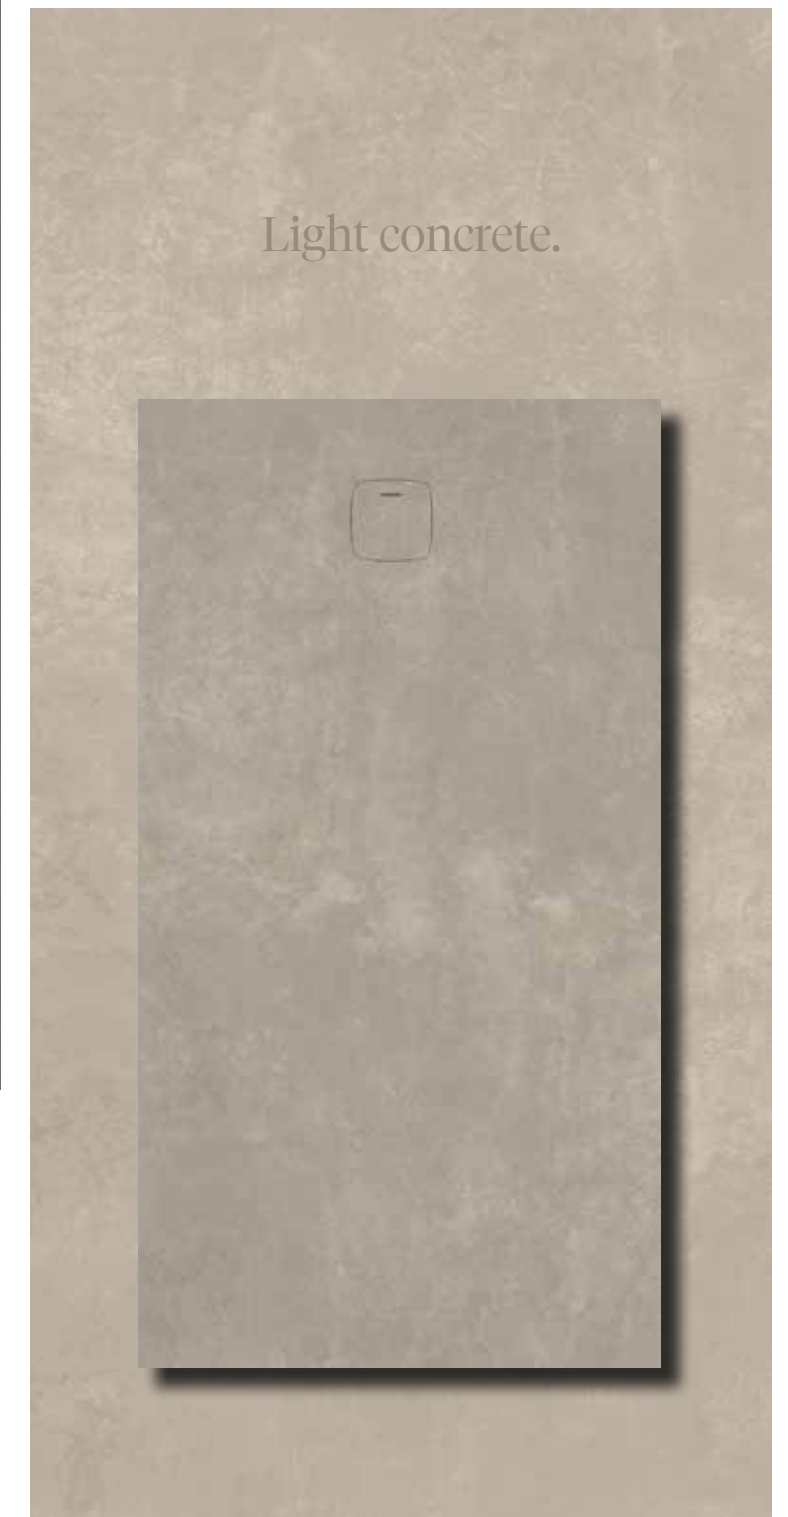

Lithos cream.

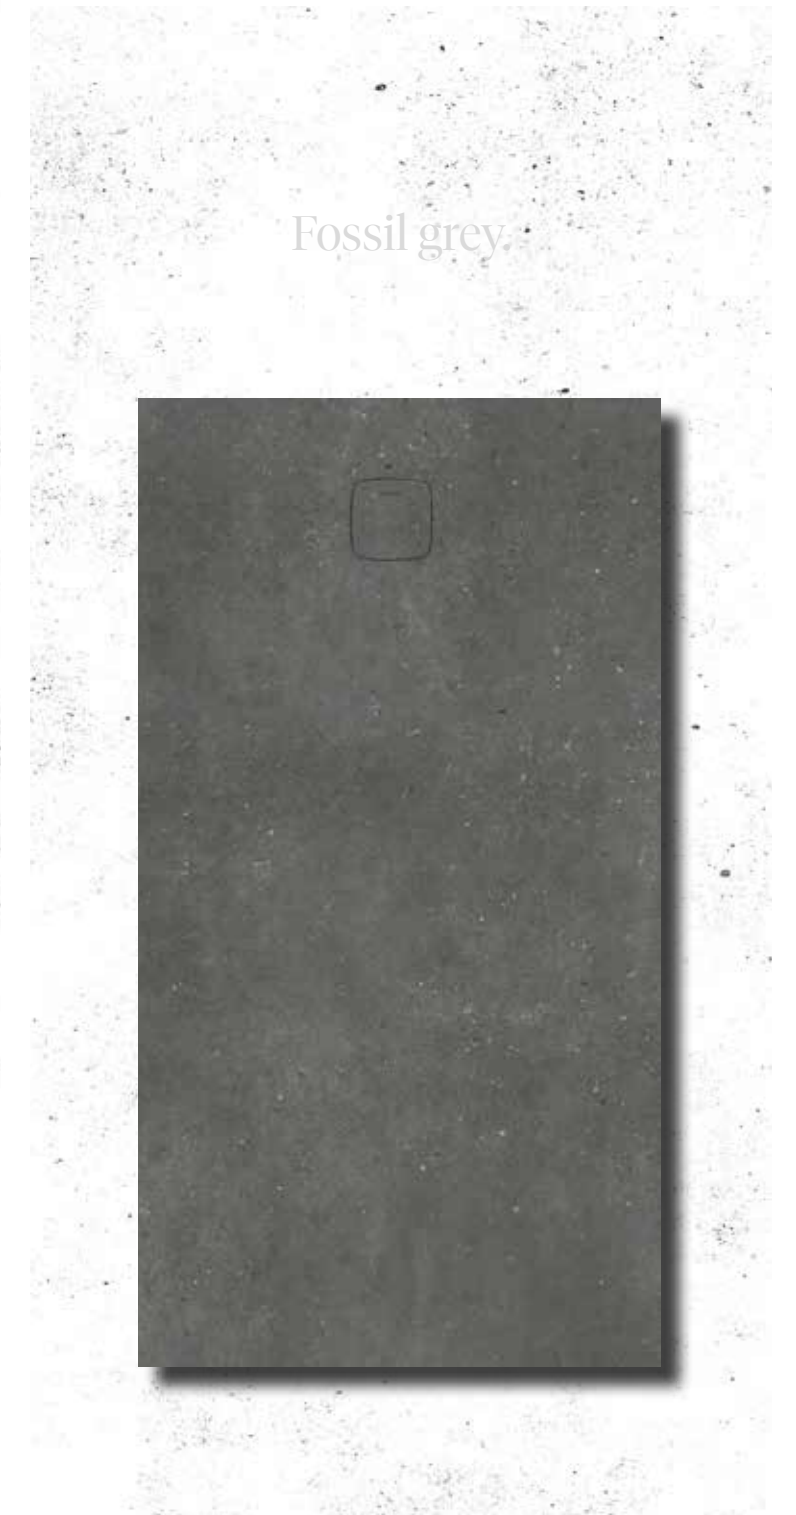

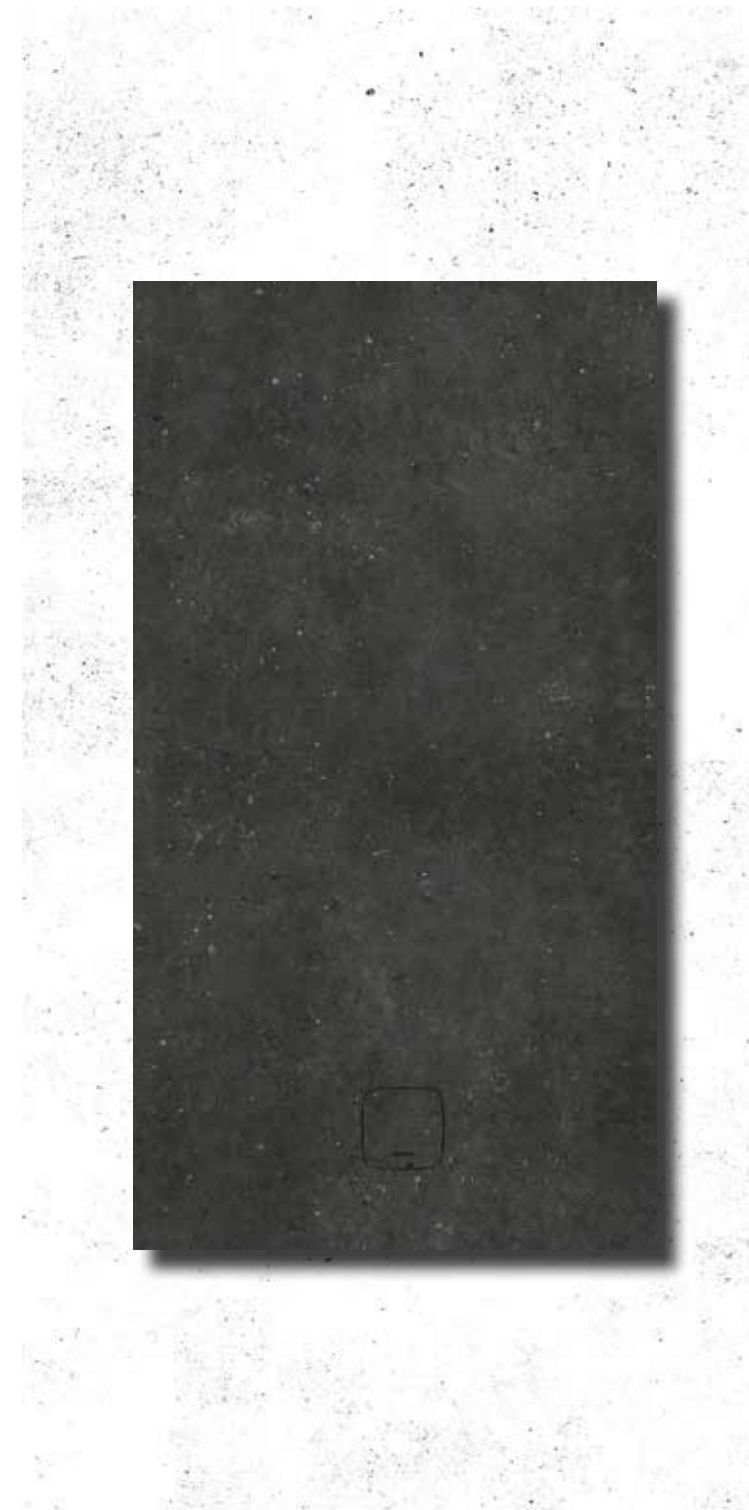

Forceful, exploratory,  
architectural, always  
cement...

Fossils are the time capsules of the past.

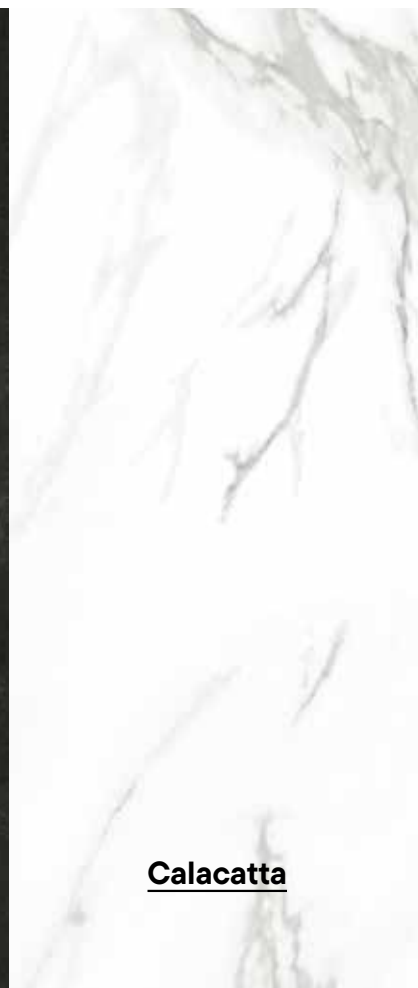

Los platos de ducha impresos ofrecen posibilidades decorativas altamente innovadoras. La impresión se realiza con equipamiento de última generación con curado ultravioleta que asegura la óptima adherencia a la superficie del plato. Posteriormente se laca el plato con un recubrimiento transparente que dota al producto de un acabado mate así como de propiedades antideslizantes, antibacterias, y fungicidas. Es un producto altamente resistente y apto para su uso en baños domésticos.

Printed shower trays offer highly innovative decorative possibilities. The printing is carried out with state-of-the-art equipment with ultraviolet curing that ensures optimum adhesion to the surface of the tray. The tray is then lacquered with a transparent coating that gives the product a matt finish as well as anti-slip, anti-bacterial and fungicidal properties. It is a highly resistant product suitable for use in domestic bathrooms.

Les receveurs de douche imprimés offrent des possibilités décoratives très innovantes. L'impression est réalisée à l'aide d'un équipement de pointe avec un séchage aux ultraviolets qui garantit une adhérence optimale à la surface du receveur. Le plateau est ensuite laqué avec un revêtement transparent qui confère au produit une finition mate ainsi que des propriétés antidérapantes, antibactériennes et fongicides. Il s'agit d'un produit très résistant, adapté à une utilisation dans les salles de bains domestiques.

# Testing

## Ensayos

## Essais

### Aptitud para la limpieza.

Conforme a EN 14527. Platos de ducha para uso doméstico.

### Evacuación del agua.

Conforme a EN 14527. Platos de ducha para uso doméstico. Toda el agua del plato evacua por el orificio del desagüe.

### Estabilidad del fondo.

Conforme a EN 14527. Platos de ducha para uso doméstico. Se carga el plato con 100kg durante 10 minutos, sin sufrir desviaciones.

### Resistencia a los agentes químicos y manchas.

Conforme a EN 14527. Platos de ducha para uso doméstico. Ensayo de exposición a químicos sin cambios en la superficie.

### Resistencia a las variaciones de temperatura.

Conforme a EN 14527. Platos de ducha para uso doméstico. 100 ciclos de agua caliente (75°C) y fría (12°C), sin fisuras o alteraciones del color o aspecto.

### Antideslizante.

Clase 3 conforme a CTE (código técnico de la edificación y ensayo ENV 12633).

Clase B conforme a DIN 51097.

### Higiénico.

Su composición y no porosidad resulta en un material altamente higiénico.

### Reparable.

Pequeños accidentes en la superficie pueden restaurarse.

### Cleaning aptitude.

According to EN 14527. Shower trays for domestic use.

### Water evacuation.

According to EN 14527. Shower trays for domestic use. All the water in the tray drains out through the drain hole.

### Bottom stability.

According to EN 14527. Shower trays for domestic use. Trays are loaded with 100kg for 10 minutes, without deflection.

### Chemical and stain resistance

According to EN 14527. Shower trays for domestic use. Chemical exposure test with no surface change.

### Resistance to temperature variations.

According to EN 14527. Shower trays for domestic use. 100 cycles of hot (75°C) and cold (12°C) water, without cracks or alterations in colour or appearance.

### Antislip.

Classified ad class 3 according to CTE (spanish technical code for building antest ENV 12633). Classified ad class B according to DIN 51097

### Hygienic.

Its comopostion without porosity turns in a highly hygienic material.

### Reparable.

Each component is dimensionally verified to control accuracy and provide the best mechanical performance.

### Convient pour le nettoyage.

Conforme à la norme EN 14527. Receveurs de douche à usage domestique.

### Evacuation de l'eau.

Conforme à la norme EN 14527. Receveurs de douche à usage domestique. Toute l'eau contenue dans le receveur s'évacue par le trou d'évacuation.

### Stabilité du fonds.

Conforme à la norme EN 14527. Receveurs de douche à usage domestique. El receveur est chargée avec 100 kg pendant 10 minutes, sans déviation.

### Résistance aux produits chimiques et aux taches.

Conforme à la norme EN 14527. Receveurs de douche à usage domestique. Test d'exposition chimique sans modification de la surface.

### Résistance aux variations de température.

Conforme à la norme EN 14527. Receveurs de douche à usage domestique. 100 cycles d'eau chaude (75°C) et froide (12°C), sans fissures ni altération de la couleur ou de l'aspect.

### Sensibilité à la température.

Classe 3 selon le CTE (code technique de la construction espagnol et test ENV 12633). Classe B selon la norme DIN 51097.

### Hygénique.

Sa composition et sa surface non poreuse en fait de lui un matériel hautement hygiénique.

### Réparable

Les petits incidents en surface peuvent se récupérer.

## GARANTÍA

Los productos Sanycces® están garantizados según la normativa europea vigente. Dicha garantía comprende los tres años siguientes a partir de la fecha de factura del producto emitida por Sanycces. Se considerarán válidas aquellas reclamaciones que sean realizadas por escrito. La garantía cubre los defectos de fabricación. La garantía no cubre deterioros no imputables al producto, materiales consumibles que pierden su efectividad con el uso, defectos derivados de negligencia en su manipulación, defectos derivados de la presión del agua excesiva en la red, al igual que los cuerpos extraños en el agua.

Sanycces asume la garantía de sus productos, quedando entendido y expresamente convenido que dicha garantía se limitará a la sustitución de los productos que resultasen defectuosos por fabricación, con exclusión de cualquier otra compensación, daños o interés.

### MATERIAL EXPOSICIÓN

Todo el material con destino a la exposición y precios especiales, tiene que mantenerse en exposición mínimo 12 meses, de no ser así, se procedería a emitir una nueva factura por el diferencial entre el descuento habitual del cliente y el que se le haya concedido por descuento especial para exposición.

### CONDICIONES GENERALES

Los embalajes están incluidos en los precios.

En exportación, si su pedido no llega al valor mínimo pactado en sus condiciones de trabajo. Se le facturarán los portes indicados en las mismas.

### COBERTURA DE RIESGO

Serán aceptados sólo aquellos pedidos que queden cubiertos por la compañía de riesgo con la que estamos operando. Para los pedidos, que no amparados por la compañía de aseguradora, deberán ofrecerse otras medidas de pago garantizado.

### PEDIDOS

Todos los pedidos deberán cursarse siempre por escrito por correo electrónico y en caso de cursarse por teléfono, deberán confirmarse por correo electrónico. Los pedidos se considerarán en firme desde el primer momento de su recepción,

no admitiéndose posibles cambios, modificaciones posteriores ni anulaciones. Los descuentos que deban aplicarse a las ventas de nuestros productos se efectuarán según las condiciones pactadas con el cliente.

### DEVOLUCIONES

Transcurridas 24 horas desde que el pedido se recibió en Sanycces, no se admitirán anulaciones. Una vez suministrado el pedido, no se admitirán devoluciones. En el caso de que se aceptara alguna devolución, se aplicaría una quita del 15 % sobre el valor de la mercancía. Rogamos revisen el material a su entrega. No se admitirán devoluciones sobre el material que haya sido instalado. Por roturas. La mercancía que se envía por transporte ordinario viaja asegurada, por lo que en caso de reclamación por roturas esta deberá hacerse antes de las 24 horas siguientes a la recepción de la misma. En la entrega de la mercancía se deben notificar cualquier incidencia. En el caso de que no puede revisar la mercancía en el momento de la entrega realizada por el transportista se deberá hacer constar en el albarán de entrega del transporte pendiente de revisión. En caso de que el cliente verifique la rotura fuera de plazo, deberá ponerse en contacto con su representante al objeto de subsanar la incidencia producida. De todas formas insistimos en hacer hincapié de que revise todo el material a la recepción del mismo.

### ASISTENCIA TÉCNICA Y POSTVENTA

Una red de asistencia técnica distribuida por todo el territorio nacional y portugués les garantiza la tranquilidad de tener siempre cerca un profesional de Sanycces.

Nuestro estricto control de calidad hace que confiemos en lo que ofrecemos. Aún así y completando nuestra garantía, ponemos a su disposición nuestro propio servicio de asistencia postventa donde encontrará un gran equipo de profesionales dispuesto a ayudarle, informarle y solucionar cualquier incidencia que tenga.

La estratégica situación de nuestras bases de asistencia postventa nos permite una ágil y rápida respuesta coordinada desde nuestras oficinas centrales. Disponemos de todos los medios necesarios para hacerle llegar nuestros productos en las mejores condiciones. Con el fin de facilitarles la atención a sus consultas

y necesidades con la mayor agilidad posible, hemos incluido en nuestro servicio postventa una dirección de correo electrónico y un número exclusivo:

postventa@sanycces.es

Tel. (+34) 964 51 82 02

NOTA: Sanycces, S.L. se reserva el derecho de cambiar alterar o retirar cualquier producto o componentes del mismo sin previo aviso. Estar en posesión de nuestro Catálogo o Tarifa no otorga el derecho a compra de ninguno de nuestros productos.

NOTA: Los colores de las fotografías no son vinculantes, para una mejor identificación del color, consultar carta RAL o NCS.

#### NORMAS

#### Y CERTIFICACIONES

- Platos de ducha UNE-EN 14527

#### WARRANTY

Sanycces® products are guaranteed under existing European legislation. This guarantee covers the following three years from the Sanycces invoice date of the product. Will be considered valid those claims that are made in writing. The guarantee covers manufacturing defects. The warranty does not cover damage not attributable to the product. consumible parts, products which cease to function through use, damage attributable to negligence handling, damage attributable to excessive water pressure in the water network as well as foreign bodies in the water.

Sanycces assumes the warranty of its products, being expressly understood and agreed that such warranty is limited to replacement of the products that were defective in manufacture, and no other compensation, damages or interest.

### SHOWROOM PRODUCTS

All material destined for the showroom with special prices, has to be kepted minimum 12 months in the showroom, otherwise, would proceed to issue a new invoice for the difference between the regular customer discount and the regular customer discount and the discount which has been granted by special discount for showroom.

#### GENERAL CONDITIONS

The packages are included in the prices.

For export, if your order does not reach the minimum value agreed in your conditions of work. You will be invoiced for the shipping costs indicated in the terms and conditions.

### RISK COVERAGE COMPANY

Will only be accepted those which are covered by the risk coverage company with which we operate. Orders not underwritten by the insurance company must offer other guaranteed means of payment.

### ORDERS

All orders should be made whenever writing or by e-mail, and if filled by telephone, must be confirmed by e-mail. Orders are considered firm at the outset of their receipt, not admitting possible changes, posterior modifications or cancellations. The discounts to be applied to sales of our products are made in accordance with the set conditions agreed with the customer.

### RETURNS

No devolution will be accepted after 24 hours since the material was received by the customer. In the case in which a devolution was accepted, a 15% on the value of the material would be paid by the customer. Please, we beg you revise the material the day you receive it. No devolutions will be accepted on the already installed material.

For breakage. The merchandise that travels by regular transportation is insured, so if there is a claim for breakage must be made within 24 hours after receipt thereof. Any incidents must be reported on delivery of the goods. In the event that the goods cannot be checked at the time of delivery by the carrier, this must be stated on the transport delivery note pending inspection. If the client verifies the breaking out of time, should contact their representative in order to overcome the impact produced. However we insist that all the material to check the receipt.

### TECHNICAL ASSISTANCE AND POST SALE

A network of technical assistance distributed throughout the country and Portugal guarantees you the safety of always having near a professional

of Sanycces. Our strict quality control means that we trust what we offer. Even so, and completing our guarantee, we offer our own after-sales service for assistance to find a great team of professionals willing to help, inform and solve any incidence you may have.

The strategic position of our after-sales assistance bases, enables us to a fast and coordinated response from our headquarters. We have all the necessary means to convey to you our products in the best possible conditions.

In order to provide care to their queries and needs with the greatest flexibility the possible, we have included in our after-sales service an e-mail address and an exclusive telephone number:

postventa@sanycces.es

Int. (+34) 964 51 82 02

NOTE: Sanycces, S.L. The manufacturer reserves the right to change, alter or withdraw any products or components thereof without previous notice. Possessing our catalog or price list does not give the right to purchase any of our products.

NOTE: The colors of the photographs are not binding, for a better identification of the color, consult RAL or NCS card.

### STANDARDS

#### AND CERTIFICATIONS:

- Shower trays: UNE-EN 14527

### GARANTIES

Les produits Sanycces® sont garantis selon la législation européenne en vigueur. La garantie débute à la date de facture du produit émise par Sanycces, commandé et la période de validité est 3 ans. Seules les réclamations écrites seront prises en compte . Les garanties couvrent les défauts de fabrication . La garantie ne couvre pas les dommages non attribuables au produit, le renouvellement des produits qui perdent leurs fonctionnalité avec l’usage, sont les appelé consommables, les défauts consécutifs à une utilisation anormale du produit, les défauts consécutifs à une pression d’eau excessive du réseau ou à la présence de corps étrangers dans l’eau.

Sanycces garantit ses produits, étant sous entendu et expressément convenu que cette garantie couvre uniquement le remplacement des produits qui présentent des défauts de fabrication, et exclut toute autre indemnisation, dommages et intérêts. PRODUITS POUR EXPOSITIONS Tout le matériel qui sera destiné pour expositions et prix spéciaux, doit rester en exposition durant au moins 12 mois, dans le cas contraire, on devra refacturer entre la remise habituelle du client et la remise spéciale faite pour l’ exposition.
