DESIGN POOLS FOR EVERYONE

2022

“DESIGN POOLS FOR EVERYONE”

Squamers is a manufacturer and global distributor of glass mosaics. Based in Onda, Castellón, the company specialises in swimming pools and has a clear mission: to bring designer pools to everyone.

To this end, it applies the most avant-garde designs and the latest production techniques to mosaics and tiles. With an aim to offering them to the market at affordable prices. Because each person has the right to create their own space.

This is just the beginning... Join the Squamers revolution.

Squamers es un fabricante y distribuidor global de mosaico vítreo. La compañía, ubicada en Onda (Castellón), nace con fuerza como especialista en piscinas con una misión clara: acercar las piscinas de diseño a todo el mundo.

Para ello aplica los diseños más vanguardistas y las últimas técnicas de producción al mosaico y cerámica. Con la voluntad de ofrecerlas al mercado a un precio asequible. Porque cada persona debería tener el derecho de crear su propio espacio.

Esto es sólo el principio... Únete a la revolución Squamers.

“WE ARE ECO”

We use recycled materials, glass in this case. Just one of the ways we contribute to the well-being of the planet.

And, while all the mosaics we manufacture are made with recycled glass, our environmental commitment extends to our machinery (all electrical), production processes, and even to our packing.

At Squamers we offer mosaics with a wide variety of colors and designs, but they all have one thing in common: they are all green.

How about you?

La reutilización de materiales, en nuestro caso el vidrio, es una de las formas que tenemos para contribuir al bienestar del planeta.

Todos los mosaicos que fabricamos están elaborados con vidrio reciclado, pero nuestro compromiso medioambiental abarca también nuestra maquinaria (toda eléctrica), los procesos productivos e incluso nuestro packing.

En Squamers ofrecemos mosaicos de colores y diseños muy variadas, pero hay algo común en ellos: todos son verdes.

¿Lo eres tú?

“DIGITAL PRINT FOR POOLS”

Building a new pool is exciting, and decorating it is even more so.

At Squamers we make it possible for you to create the designs that best suit your style, with digital decorations that can be applied directly to the mosaic itself. The possibilities are endless: marine and wildlife motifs, tattoos, unique textures, hydraulic designs...

Simply send us your design - one you have created or a reference as to how you would like your pool to look - along with the measurements of the decoration you have in mind, and we will make it happen. Our expert design team will study your proposal and provide you with the solution that best captures that personal and exclusive touch.

Construir una nueva piscina es emocionante, pero decorarla lo es aún más.

En Squamers te ofrecemos la posibilidad de realizar decorados digitales sobre el propio mosaico con el diseño que más se ajuste a tu estilo. Desde motivos marinos hasta la vida salvaje, pasando por tatuajes, texturas, diseños hidráulicos...

Para ello, sólo tienes que remitirnos tu propio diseño o alguna referencia de cómo quieres que quede tu piscina e indicarnos las medidas del decorado; nosotros nos ocuparemos de hacerlo realidad. Contamos con un equipo de diseño que valorará tu propuesta y te ofrecerá la solución más adecuada para dar a tu piscina ese toque personal y exclusivo.

PENTA GLASS MOSAIC

This Artisan-edge glass mosaic is made with recycled glass pieces and may include irregular edges, rustic appearances, minimal imperfections or slight variations in sizing and squareness. These characteristics are inherent to this product due to the manufacturing process. The slight size or shape variations may affect the grout joint appearance, further enhancing the natural aspect of this product. Use constitutes acceptance.

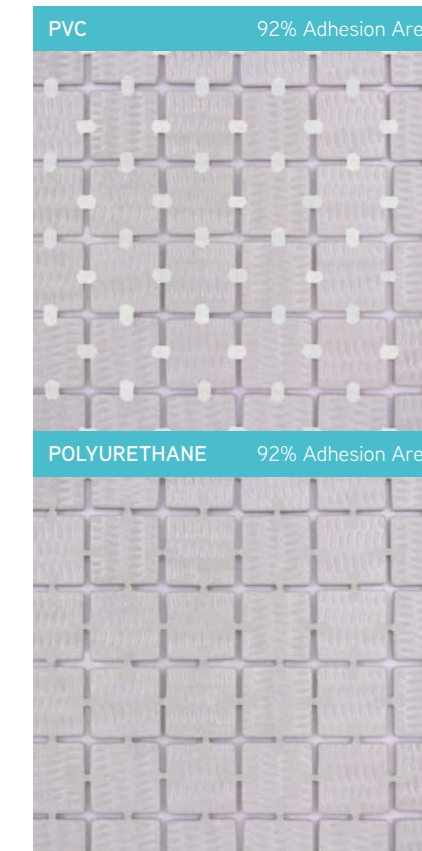

El aspecto artesanal del mosaico vítreo en formato PENTA es una cualidad inherente en estos productos por el proceso de fabricación. Las teselas podrían incluir ciertas irregularidades y mínimas imperfecciones en el tamaño aportando cierta apariencia rústica más alejada de la perfección cuadrículada. Además la reducción de tamaño y variaciones de tono pueden afectar al aspecto del rejunte y modificar la apariencia natural de estos mosaicos. El uso constituye aceptación de esta advertencia.

SQUAMERS GLASS MOSAIC

All SQUAMERS 98 % recycled glass mosaics series are made of molten glass. Molten glass characteristics may include irregular edges and small variations in size. These characteristics are inherent to the product and to the standard production. The small size and shape variations can affect the grout joint appearance and enhance the natural aspect of these products. Use constitutes acceptance.

Todas las series SQUAMERS con un 98% de vidrio reciclado están hechas con vidrio molido. Esta materia posee unas características particulares que podría ocasionar ligeras irregularidades y variaciones de tamaño en las fichas. Es una cualidad inherente al producto y a la producción estándar. La reducción de tamaño y variaciones de tono pueden afectar al aspecto del rejunte y modificar la apariencia natural de estos mosaicos. El uso constituye aceptación de esta advertencia.

/DOT LINK

GREAT GRIP. GRAN AGARRE.

92% of the glass mosaic tile surface stays clean and therefore makes it ideal for glue cement to be applied.

El 92% de la superficie del mosaico queda limpio para perfecto agarre del cemento cola.

MAXIMUM FLEXIBILITY. MÁXIMA FLEXIBILIDAD.

Full adaptability to any type of surface: corners, curved, irregular finishes ...

Total adaptabilidad a cualquier tipo de superficie: esquinas, curvadas, acabados irregulares...

MINIMUM THICKNESS. MÍNIMO GROSOR.

An even thickness which conceals the surface of the grouting.

Un grosor homogéneo que se oculta perfectamente con el rejunte.

FAST INSTALLATION. RÁPIDA COLOCACIÓN.

A 27% time saving in its installation in comparison with its traditional supports.

Ahorro de un 27% del tiempo de colocación frente a soportes tradicionales.

HIGH RESISTANCE. ALTA RESISTENCIA.

Resistant to weather changing conditions, chemical treatments and unalterable to UV rays.

Resistente a cambios térmicos, tratamientos químicos e inalterable a los rayos solares UV.

VISUAL CONTROL. CONTROL VISUAL.

Unlike paper support, when you visualize the mosaic in the installation it is possible to create drawings and shapes.

Al contrario del soporte papel, al visualizar el mosaico en la instalación es posible crear dibujos y formas.

/APPLICATION ADVICE

THE GLUEING OPERATION

White C2 glue, as per EN-12004, must be used. By using the smooth side of the trowel, the glue has to be spread out uniformly on the base (2 sq.m. approximately). By using the jagged side of the trowel (2 or 3 mm.), comb the glue.

THE LAYING OF MOSAIC TILES

Adhere the sheet to the surface by pressing with a rubber trowel. It is important to make sure that the distance between one sheet and another is the same as the one among the tesseras so that all the joints look alike. We suggest to join the sheets when it comes to laying.

GROUTING

Joints must be clean, dry and free from dust. The remains of adhesive, after laying, must be removed while it is still fresh. Use grouting paste, RG type, as per EN 13888, spread it out with a rubber trowel.

CLEANING

Let it dry until the paste gets brightless, superficially, and then proceed to clean it with a sponge soaked in water. Once it gets dry, remove it with a dry cloth.

OPERACIÓN ENCOLADO

Usar cemento cola tipo C2 color blanco, según EN-12004. Usando el lado liso de la llana extender el adhesivo uniformemente sobre el soporte (2 m² aprox). Con el lado dentado de la llana (2 ó 3 mm.), peinar el cemento cola.

COLOCACIÓN MOSAICO

Adherir la hoja a la superficie presionando con una llanta de goma. Es importante asegurarse que la distancia entre hoja y hoja es igual a la que hay entre las teselas para que todas las juntas sean iguales entre sí. Aconsejamos trabar las hojas a la hora de su colocación.

REJUNTADO

Las juntas deben estar limpias, secas y exentas de polvo. El adhesivo sobrante de la colocación se debe eliminar cuando esté todavía fresco. Utilizar pasta de rejuntar tipo RG según EN 13888, extendiéndolo con una llana de goma.

LIMPIEZA

Dejar secar hasta que la masa pierda el brillo superficial y proceder a su limpieza con una esponja humedecida en agua. Una vez seco eliminar con un trapo seco.
