DESIGN POOLS FOR EVERYONE

2024

“DESIGN POOLS FOR EVERYONE”

Glass mosaic tile manufacturer and global distributor Squamers was founded in 2016 with a clearly defined mission: to bring designer pools within the reach of all.

With this goal in mind, we apply cutting-edge production techniques and avant-garde designs to mosaic tiles so that everyone can acquire an exclusive pool at an affordable price.

Are you joining the Squamers revolution?

Squamers, fabricante y distribuidor global de mosaico vítreo, nació el 2016 con una misión clara: acercar las piscinas de diseño a todo el mundo.

Con este objetivo, aplicamos las últimas técnicas de producción y los diseños más vanguardistas al mosaico de manera que cualquier persona pueda adquirir una piscina exclusiva a un precio asequible.

¿Te unes a la revolución Squamers?

“WE ARE ECO”

Reusing materials, in our case glass, is one of the ways that we can contribute to the wellbeing of our planet.

All the mosaic tiles we manufacture are made of recycled glass, but our commitment to the environment goes further than this, and also includes our machinery (100% electric), production processes and even our packaging.

At Squamers we offer a wide range of colours and designs, but they have one thing in common: they are all green.

How about you?

La reutilización de materiales, en nuestro caso el vidrio, es una de las formas que tenemos para contribuir al bienestar del planeta.

Todos los mosaicos que fabricamos están elaborados con vidrio reciclado, pero nuestro compromiso medioambiental abarca también nuestra maquinaria (toda eléctrica), los procesos productivos e incluso nuestro packing.

En Squamers ofrecemos mosaicos de colores y diseños muy variados, pero hay algo común en ellos: todos son verdes.

¿Lo eres tú?

“DIGITAL PRINT FOR POOLS”

Building a new pool is exciting, and decorating it is even more so.

At Squamers we make it possible for you to create the designs that best suit your style, with digital decorations that can be applied directly to the mosaic itself. The possibilities are endless: marine and wildlife motifs, tattoos, unique textures, hydraulic designs...

Simply send us your design - one you have created or a reference as to how you would like your pool to look - along with the measurements of the decoration you have in mind, and we will make it happen. Our expert design team will study your proposal and provide you with the solution that best captures that personal and exclusive touch.

Construir una nueva piscina es emocionante, pero decorarla lo es aún más.

En Squamers te ofrecemos la posibilidad de realizar decorados digitales sobre el propio mosaico con el diseño que más se ajuste a tu estilo. Desde motivos marinos hasta la vida salvaje, pasando por tatuajes, texturas, diseños hidráulicos...

Para ello, sólo tienes que remitirnos tu propio diseño o alguna referencia de cómo quieres que quede tu piscina e indicarnos las medidas del decorado; nosotros nos ocuparemos de hacerlo realidad. Contamos con un equipo de diseño que valorará tu propuesta y te ofrecerá la solución más adecuada para dar a tu piscina ese toque personal y exclusivo.

FIFTY GLASS MOSAIC

This Artisan-edge glass mosaic is made with recycled glass pieces and may include irregular edges, rustic appearances, minimal imperfections or slight variations in sizing and squareness. These characteristics are inherent to this product due to the manufacturing process. The slight size or shape variations may affect the grout joint appearance, further enhancing the natural aspect of this product. Use constitutes acceptance.

El aspecto artesanal del mosaico vítreo en formato FIFTY es una cualidad inherente a estos productos debido a su proceso de fabricación. Las teselas podrían incluir ciertas irregularidades y mínimas imperfecciones en el tamaño aportando cierta apariencia rústica, más alejada de la perfección cuadrículada. La reducción de tamaño y variaciones de tono podrían afectar al aspecto del rejunte y modificar la apariencia natural de estos mosaicos. Su uso constituye aceptación de esta advertencia.

SQUAMERS GLASS MOSAIC

All SQUAMERS 98% recycled glass mosaics series are made of molten glass. Molten glass characteristics may include irregular edges and small variations in size. These characteristics are inherent to the product and to the standard production. The small size and shape variations can affect the grout joint appearance and enhance the natural aspect of these products. Use constitutes acceptance.

Todas las series de SQUAMERS, elaboradas con un 98% de vidrio reciclado, están fabricadas con vidrio molido. Esta materia posee unas características particulares que podrían ocasionar ligeras irregularidades y variaciones de tamaño en las fichas; una cualidad inherente al producto y a la producción estándar. La reducción de tamaño y variaciones de tono podrían afectar al aspecto del rejunte y modificar la apariencia natural de estos mosaicos. Su uso constituye aceptación de esta advertencia.

/DOT LINK

GREAT GRIP.

92% of the glass mosaic tile surface stays clean and therefore makes it ideal for glue cement to be applied.

FAST INSTALLATION.

A 27% time saving in its installation in comparison with its traditional supports.

MAXIMUM FLEXIBILITY.

Full adaptability to any type of surface: corners, curved, irregular finishes ...

HIGH RESISTANCE.

Resistant to weather changing conditions, chemical treatments and unalterable to UV rays.

MINIMUM THICKNESS.

An even thickness which conceals the surface of the grouting.

VISUAL CONTROL.

Unlike paper support, when you visualize the mosaic in the installation it is possible to create drawings and shapes.

GRAN AGARRE.

El 92% de la superficie del mosaico queda limpio para un perfecto agarre del cemento cola.

RÁPIDA COLOCACIÓN.

Ahorro de un 27% del tiempo de colocación frente a soportes tradicionales.

MÁXIMA FLEXIBILIDAD.

Total adaptabilidad a cualquier tipo de superficie: esquinas, curvadas, acabados irregulares...

ALTA RESISTENCIA.

Resistente a cambios térmicos, tratamientos químicos e inalterable a los rayos solares UV.

MÍNIMO GROSOR.

Un grosor homogéneo que se oculta perfectamente con el rejunte.

CONTROL VISUAL.

Al contrario del soporte papel, al visualizar el mosaico en la instalación es posible crear dibujos y formas.

/APPLICATION ADVICE

THE GLUEING OPERATION

White C2 glue, as per EN-12004, must be used. By using the smooth side of the trowel, the glue has to be spread out uniformly on the base (2 sq.m. approximately). By using the jagged side of the trowel (2 or 3 mm.), comb the glue.

THE LAYING OF MOSAIC TILES

Adhere the sheet to the surface by pressing with a rubber trowel. It is important to make sure that the distance between one sheet and another is the same as the one among the tesserae so that all the joints look alike. We suggest to join the sheets when it comes to laying.

GROUTING

Joints must be clean, dry and free from dust. The remains of adhesive, after laying, must be removed while it is still fresh. Use grouting paste, RG type, as per EN 13888, spread it out with a rubber trowel.

CLEANING

Let it dry until the paste gets brightless, superficially, and then proceed to clean it with a sponge soaked in water. Once it gets dry, remove it with a dry cloth.

OPERACIÓN ENCOLADO

Usar cemento cola tipo C2 color blanco, según EN-12004. Usando el lado liso de la llana extender el adhesivo uniformemente sobre el soporte (2 m² aprox). Con el lado dentado de la llana (2 ó 3 mm.), peinar el cemento cola.

COLOCACIÓN MOSAICO

Adherir la hoja a la superficie presionando con una llanta de goma. Es importante asegurarse que la distancia entre hoja y hoja es igual a la que hay entre las teselas para que todas las juntas sean iguales entre sí. Aconsejamos trabar las hojas a la hora de su colocación.

REJUNTADO

Las juntas deben estar limpias, secas y exentas de polvo. El adhesivo sobrante de la colocación se debe eliminar cuando esté todavía fresco. Utilizar pasta de rejuntar tipo RG según EN 13888, extendiéndola con una llana de goma.

LIMPIEZA

Dejar secar hasta que la masa pierda el brillo superficial y proceder a su limpieza con una esponja humedecida en agua. Una vez seco, eliminar con un trapo seco.
